

PUPP Alumni Fund Reference Guide

Due to limited funds, the PAF has a \$1,000 limit per alumni who are up to 25 years old. For example, if an alum requests and is approved to receive \$500 from the PAF then they have \$500 left from the PAF they can request for in the future. Once they use the last \$500, the alum will no longer be able to qualify for the PAF. Because of this, we highly recommend alumni to think carefully and consider all other options before applying for the PAF.

Alumni Emergency Fund (AEF):

As its name entails, the emergency fund allows alumni to request up to \$1,000 in financial assistance. The chart below can be used as a reference on what can be considered to fall under the AEF.

AEF Support Eligible	
Family Emergency	Rent & Utilities
Dental	Food Insecurity
Vision	Legal Support
Medical	Travel Emergency Expenses

Academic & Career Opportunities Fund (ACOF):

As lifelong scholars, PUPP alumni continue to seek academic and/or career opportunities outside of the traditional semester through their colleges and beyond. However, sometimes-underlying costs can prevent alumni from taking advantage of these. In order to ensure that PUPP alumni continue to thrive in and outside of the classroom, the ACOF is designated to help cover these costs, sponsoring and fellowships. The chart below can be used as a reference on what can be considered to fall under the ACOF,

ACOF Support Eligible	
Summer Course Fees	Tuition
College Transfer Application Fees	Study Abroad Fees
Summer Internship Housing	Course Textbooks
Travel Costs	Conference Fees

Undocumented/DACA Alumni Support Fund (UDASF):

Since its founding in 2001, PUPP has made a commitment to support its scholars and alumni with undocumented/DACA/TPS status on their academic and professional endeavors. On top of the challenges, PUPP alumni face throughout their collegiate and post-graduate careers, undocumented/DACA PUPP alumni are faced with additional hardships surrounding their status. In order to ensure that **ALL** of our alumni continue to thrive, the UDASF is dedicated to cover these fees.

The chart below can be used as a reference on what can be considered to fall under the ACOF,
